

# Junior Artist Competition

*Different people. Different stories. Celebrating HOME, together.*

## About the Competition

At Capital Region Housing, HOME is our focus. Under the theme **Different people. Different stories. Celebrating HOME, together**, Capital Region Housing is hosting its second Junior Artist Competition. In creating diverse communities for those we serve, we want to know what HOME looks like for our youngest group of stakeholders, our children. In keeping with the mixed income model, we want to highlight what an inclusive and diverse community can look like; those we serve have different stories, are from different backgrounds and all have a role to play in the creation of something beautiful, HOME.

This FREE contest allows children to compete for great prizes in the 0-6, 7-12 and 13-18 age categories, and share their story of home through art.
